INTRODUCTION

I have great pleasure in presenting to the students of Oriental learning this fifth volume of Descriptive Catalogue of Sanskrit Manuscripts, entitled **VYĀKARAṆA, ABHIDHĀNA AND ŚAḌDARŚANAS**, as a volume of the series under publication from Vaidika Samshodhana Mandala. This is an endeavour to bring out descriptive catalogue of the manuscripts in possession of the Mandala.

The present volume consists of three separate sections viz., Vyākaraṇa, Abhidhāna and Śaḍdarśanas. All the manuscripts have been catagorised and listed as per their contents. In the Vyākaraṇa section, these have been arranged chronologically from Pāṇinian to Post-Pāṇinian order alongwith the available commentaries. The other grammatical manuscripts miscellaneous in nature have also been listed at the end of the section.

The Abhidhāna section contains the list of the manuscripts arranged in alphabetical order as per the title of the manuscript while the section Śaḍdarśanas has been classified according to the subject content of the manuscripts. However, there was no manuscript available on Vaiśeṣika darśana at Vaidika Samshodhana Mandala and there was only one manuscript under collection for sāmkhya darśana. The commentaries and the commentary on commentaries have also been included in this section.

The available alternate title of any manuscript, the important beginning and the colophons and the name of the scribe have been mentioned in the last column of the catalogue. Similarly the Index part has been comprised of Title of the manuscript, commentary, Name of the author, commentator and scribe for better utility of the catalogue. The title index has been organised separately for each section whereas the inoices for authors, commentators and scribes have been arranged together without division. Hope, this volume will be of great help to the scholars devoted to the study of Sanskrit manuscripts.

I deeply appreciate Dr. T. N. Dharmadhikari, Ex-Director of Vaidika Samshodhana Mandala for his trust in assigning me the responsibility of editing this volume. I owe my sincere thanks to him for his constant guidance, inspiration and timely help during the progress of my work.

I am thankful to Mrs. N. M. Dhadphale, Director-in-charge, Vaidika Samshodhana Mandala for her support in completing this work at the press of the Vaidika Samshodhana Mandala.

I express my thanks also to the librarian, Vaidika Samshodhana Mandala and to the persons of the press involved in this work.
